

iREJU

Shot 150

Stimulates
dull skin for
better
absorption

Tackles both
pore and
texture
issues

Calms down
sensitive skin

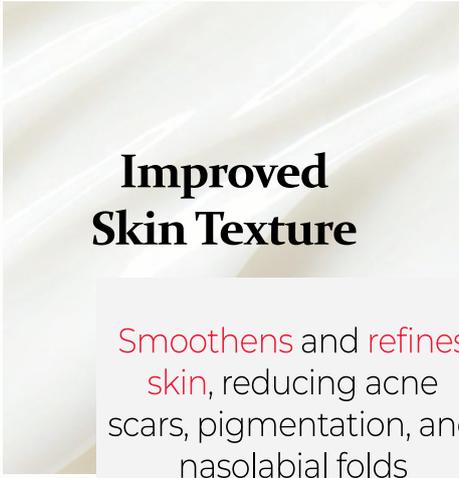

EFFECTS

Enhanced Absorption

iREJU SHOT 150 helps the essence **go deeply into the skin**, boosting the absorption of active ingredients

Improved Skin Texture

Smoothens and **refines skin**, reducing acne scars, pigmentation, and nasolabial folds

Hydration & Barrier Repair

iREJU SHOT 150 **hydrates** and **strengthens** the skin barrier

Exfoliation & Pore Minimization

Gently **exfoliates**, removing dead skin cells and **minimizing pore size** for smoother skin

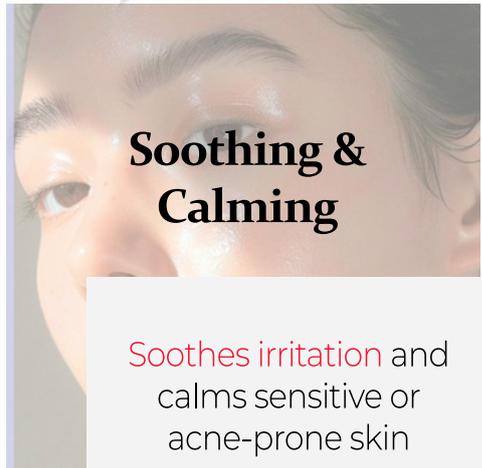

iREJU Shot 150

Glass Skin Effect

Promotes skin renewal, clearing accumulated impurities for a **radiant** and **even-toned** complexion

Soothing & Calming

Soothes irritation and calms sensitive or acne-prone skin

Targeted Treatment

Effective for **multiple skin concerns** such as dullness, hyperpigmentation, rough texture, and damaged skin barrier

Skin Care Booster

Enhances the **efficacy of other skincare products**, ensuring better nutrient absorption from serums and creams

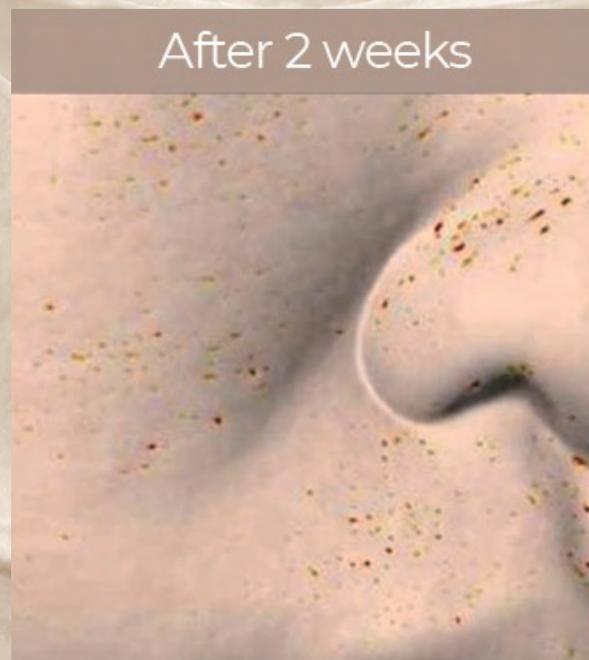

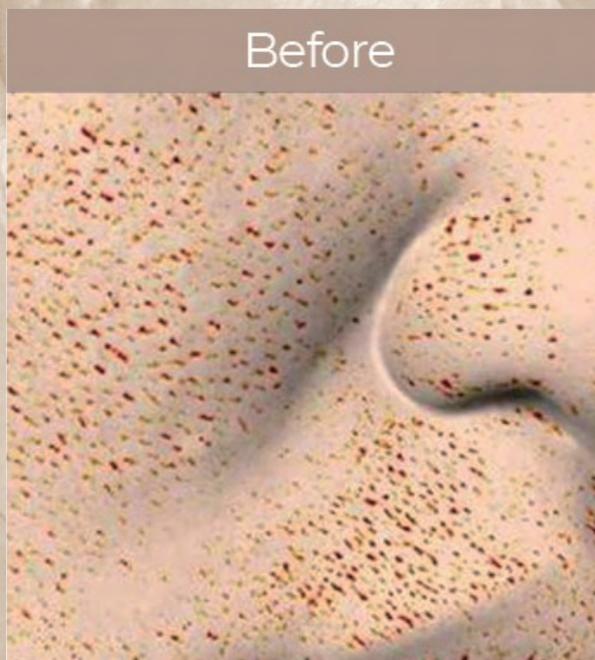

HOW TO USE

*iREJU SHOT 150 is recommended for daily use

1. Cleanse the skin with oil or cleansing foam. Dry the skin with towel
2. After cleansing, apply an appropriate amount (1-3 pumps) of iREJU SHOT 150 to the face with patting motions.
3. Gently massage and roll the product into your skin until fully absorbed, finishing by pressing it in with your palms and avoiding the eyes and lip areas
4. Follow with your preferred serum or moisturizer.

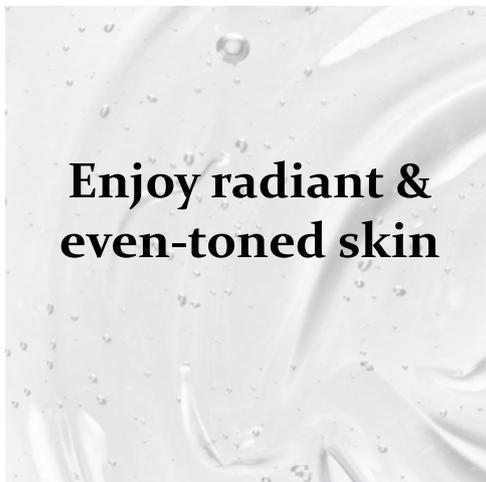

For better and longer effect use with iREJU XO HYDROGEL MASK

Say goodbye to rough skin:
with just one use, this product noticeably refines and smoothes your skin texture

CAUTIONS

1. If you experience any abnormal symptoms or side effects, such as red spots, swelling, or itchiness on the applied area due to direct sunlight while using or after using the product, consult a specialist
2. Avoid using on wounded areas, etc
3. Precautions for storage and handling:
 - a) Keep out of reach of children
 - b) Store away from direct sunlight
4. For allergic or sensitive skin, perform a patch test on a small area before using this product
5. After using this product, apply a UV blocker if you plan to be exposed to sunlight
